

STILL IN DOUBT ABOUT MAFEEKING

But General Opinion is That the City Has Been Relieved.

BOER FORCES MASSING

Gen. Hunter Deserts His Advanced Position in the Transvaal Territory.

PEACE PARTY AT PRETORIA

London, May 18.—[Special Cablegram]—Gen. Roberts reports today from Kroonstadt: "Methuen entered Hoopstad, eighty miles west, yesterday unopposed, Generals Dupertz, Daniels and forty of their men surrendering."

"General Hamilton's cavalry entered Lindley with slight opposition, having two wounded."

"General Hutton surprised and captured thirty miles north of here, Commandant Botha, Field Cornet Gassen, five Johannesburg policemen and seventeen Boers."

"Buller reports several Natal farmers surrendering their arms."

Evidently the Boers captured is some relative to the Boer commander-in-chief.

Hope for Relief of Mafeking.

London, May 18.—[Special Cablegram]—According to an accredited report this is the day when Baden-Powell was told by Roberts that he might expect relief. Crowds surround the war office eagerly waiting for news of Mafeking's relief.

After sitting many rumors the consensus of opinion is that the town is safe. The latest rumor comes under date of Sidney which states positively that Mafeking has been relieved.

The first news of importance from Kroonstadt for several days comes in a dispatch saying that French has located the Boers in considerable force at Rhenoster Spruit, thirty-five miles north of Kroonstadt.

Hunter has returned to Fourteen Streams from Christina. This movement is not understood here.

The Times in a second edition prints a Kroonstadt despatch which says that a peace party is forming at Pretoria and it is not believed there will be much further resistance from the Boers.

The miners at Cardiff, Wales, on hearing that Mafeking was relieved struck work for the day.

Plans of President Kruger

London, May 18.—A dispatch to the Times from Lorenzo Marques, says: "There is general talk in Pretoria of President Kruger contemplating an immediate departure from the capital. There seems no longer any doubt of the intention of the Transvaal to transfer the seat of government to the Lydenburg district and to endeavor to make a final stand there. The road is reported to have endorsed the proposal."

The Times also says that a number of the Transvaal officials are preparing for flight and that State Secretary Reitz has selected South America as his future home.

It is unofficially asserted that Lord Kitchener is in command of the Mafeking relief column and that news of the relief of the town cannot be received until Monday.

One of President Steyn's brothers, who is a prisoner of General Brabant, says that the Free Staters will accept annexation. Those who took up arms the second time, he explains, had to do so under the threats of instant death if they refused.

Lord Roberts has directed the British commanders to receive all comers in a good spirit and to give them passage to return to their farms.

MAFEKING HAS BEEN RELIEVED

Such is the Report From Sidney New South Wales

Sydney, N. S. W., May 18.—Mafeking has been relieved according to information which has reached this city. The news of the lifting of the siege was received here with enthusiasm, and the people are keeping the day as a holiday. The siege began Oct. 9, and there have been between three and four hundred deaths among the soldiers.

STATE BANKERS' MEETING

It Has Been Postponed From June Until August

Milwaukee, May 18.—The Wisconsin State Bankers' association yesterday notified the Citizens' Business league that it had decided to postpone the date of its annual convention from the month of June to August. The exact date of the meeting has not as yet been selected.

Cut Rates to the Convention.

Washington, May 18.—All railroads have agreed to a rate of one fare for the round trip for the republican convention at Philadelphia.

WIRELESS TELEGRAPHY USED

Hawaiian Islands to Be Connected by the New Device.

Victoria, B. C. May 18.—The news of the passage of the Hawaiian bill making Hawaii a territory under the presidency of Sanford B. Dole was received in Honolulu, May 9, with rejoicing.

Preparations have been completed for connecting the various islands of the Hawaiian group by Marconi's wireless telegraph system, all experiments having been most successful.

Robert S. Bird Coming Home.

Madison, Wis., May 18.—Col. George W. Bird has received a cablegram that his son, Robert S. Bird and wife, sailed from San Juan, Porto Rico, for New York on May 10. They expect to remain in New York several days and then will come to Wisconsin.

RELATIVE TO CUBAN POSTAL FRAUDS

Mr. Bristow Will Reach Havana Tomorrow and Will Make a Searching Investigation.

Washington, May 18.—[Special Telegram]—Post Master General Smith this morning said he had no information relative to Cuban postal frauds to be made public. Mr. Bristow will arrive in Havana tomorrow to begin a searching investigation. He knew nothing of the alleged two million bogus postage stamps and did not believe the report was true.

REV. SPELLMYER IS IN THE LEAD

He and Dr. Berry Will Probably Get To Be Bishops—Time Limit To Be Abolished.

Chicago, May 18.—[Special Telegram]—After eight ballots, Dr. Spellmyer of Newark, N. J., leads in the contest for bishop in the Methodist church. Dr. J. F. Berry is his nearest competitor. It is probable that these two will be elected. The sixth ballot will be announced tomorrow.

The committee on itineracy reported that all pastors be appointed annually, a radical change, as it does away practically with the time limit.

LIGHTNING STRUCK MONSTER OIL TANK

Thirty Thousand Barrels of Oil Destroyed Near Findlay, O.—Flames Shot High.

Findlay, O., May 18.—[Special Telegram]—Lightning this morning struck the monster oil tank of the Buckeye Pipe Line, destroying thirty thousand barrels of oil. Hundreds of men were set to work banking the surroundings to prevent the spread of the burning oil. Holes were shot through the tank with a cannon to allow it to escape rapidly to the ditches. The flames shot into the air hundreds of feet.

GREAT INCREASE OF IMMIGRATION

Multitude of Foreigners Landed at New York Yesterday—Majority of Them Were Italians.

New York, May 18.—Five thousand six hundred and eighty-three immigrants sought entrance to the United States through this port yesterday. According to the commissioner of immigration this number is more than a thousand in excess of all previous records. Not since the time of the Ellis Island, when 4,500 immigrants were waiting to land, has such a throng borne down on the barge office in one day.

Of the 5,683, 4,657 were permitted to land at once. The remaining 1,026 were detained until this morning for lack of accommodations at the barge office. The ships that brought in the multitude, with the number of immigrants on each ship were:

Victoria, Naples.....	1,122
Messina, Naples.....	1,180
Westerland, Antwerp.....	978
Groszer Kurfers, Bremen.....	967
Kaiserin Maria Theresia, Bremen.....	409
Tontonic, Liverpool.....	1,023
Total.....	5,683

The Battery looked as if a whole town had been emptied into it. From morning until night the immigrants forced their way through the jostling mob of onlookers and poured up into the city. The wagons in which the immigrants generally stow themselves away with their bundles were altogether too few in number for the rush in business.

"Messiah" Cruise in Montana.

Washington, D.C., May 18.—The secretary of the interior has received information that the Indians on Tongue river in Montana are becoming restless and that an incipient "Messiah" craze has made its appearance there. The officials believe that not much importance should be attached to these developments, but the matter has been referred to the war department with a request that the military authorities at the nearest army post investigate, and if necessary take steps to preserve order.

EXTENSIVE FISH AND GAME PRESERVE

SITE IS TO BE LINCOLN AND ONEIDA COUNTIES.

Finest Fishing and Hunting Grounds in Northern Wisconsin to be Laid Out Along the Big Rice and Tomahawk Rivers—Movement Starts at Tomahawk.

Tomahawk, Wis., May 18.—At the meeting of the Board of Directors of the Wisconsin Valley Advancement association in this city yesterday, a resolution was introduced by George W. Bishop of Rhinelander endorsing the proposed plan of establishing an extensive fish and game preserve on the Tomahawk and Big Rice rivers in Lincoln and Oneida counties. The resolution gives the movement an approval of the big association and reads as follows:

"Resolved, That this association approves of the plan recently suggested of organizing an association for the purpose of establishing an extensive fish and game preserve in the Wisconsin River valley and that the matter be at once taken up, it is further resolved that the president appoint a committee to proceed with the organization."

In pursuance of the resolution, President Bradley appointed a committee which is to meet subject to the call of the chairman, and it is probable that the call will be made early in June.

The Territory of the Preserve

The territory to be included in the proposed preserve taken is something over thirty miles of what is considered by sportsmen as the finest fishing and duck grounds in Northern Wisconsin. Starting at the dam on the Tomahawk river, a mile or more northwest of this city, it is proposed to cover some twelve or fifteen miles on this stream.

The Big Rice river territory starts near Tomahawk Junction where it flows into the Tomahawk and reaches about the same distance up that stream. By reason of the logging dams on the Rice there are several large lakes of shallow water where an almost inexhaustible amount of wild rice grows.

It is proposed to sow wild rice and calery on such tracts near both streams as are adapted to them, several thousand acres in all. Leasing of the hunting and fishing privileges on the territory will give the organization control and enable them to protect the ducks which come into these waters in large numbers to breed, but which have been driven away by the Indians and others gathering wild rice and illegally shooting the birds. It is also proposed to stock the streams and lakes with fish.

Probably last season over one hundred deer were shot in this territory. It is likely a club house will be built at Beafford, the junction of the Zoo-line and St. Paul railroads, a convenient point for the sportsmen of the various towns of the valley.

STATE OF COLOMBIA IN HORRORS OF WAR

Government Troops Win In Fight Lasting Seventy Hours—Loss of Life Very Heavy.

Colon, Colombia, via Galveston, May 18.—News has been received here of a victory by the government troops over the insurgents in the Vetas district, which began May 11 and lasted seventy hours.

General Leal and Herrera were among the killed, who are said to have been very numerous, the slaughter having been described as "horrible butchery."

Twelve hundred insurgents were taken prisoners and the government troops captured a large quantity of guns and rifles.

BOERS ARE OFF FOR WASHINGTON

Commissioners From the Transvaal Republic Will Tomorrow Talk With President McKinley.

New York, May 18.—[Special Telegram]—The Boer envoys left this afternoon for Washington. The committee of escort from the Capital arrived this morning and were introduced to the commissioners. The delegation is headed by Senator Allen of Nebraska. They have an interview with the president tomorrow.

REEVES MADE A FULL CONFESSION

One of the Havana Postal Officials is Said to Have Made Sensational Disclosures.

Havana, May 18.—[Special Cablegram]—It is learned today that W. H. Reeves, one of the deputy auditors implicated in the postal frauds made a full confession to the authorities last night. Reeves also handed over the sum of \$4,500 which he says was given him by Neely for services when the latter left here for the states. What Reeves confessed cannot be learned but he is said to have made sensational disclosures.

TO CALL OUT ALL THE LABOR UNIONS

ST. LOUIS STREET CAR STRIKE ASSUMES A NEW PHASE.

Peace Conferences With Business Men Prove Futile—It is Now Proposed to Inaugurate a Big Sympathetic Movement and Serious Trouble May Enue.

St. Louis, May 18.—There was a general mass meeting of the strikers on the St. Louis Transit company's system last night, relative to the future course of the men in view of an abrupt termination of peace negotiations yesterday afternoon.

It was decided to continue the fight by every peaceable means at the disposal of the union, and to call upon organized labor of St. Louis to walk out in a general sympathy strike beginning next Saturday, or as soon thereafter as the laws of the various unions will permit.

David Kreyling, president of the Trades and Labor Union, has called a meeting of all the labor unions in St. Louis affiliated with the American Federation of Labor. This meeting will be held tonight and judging from the sentiment of the working people generally and the trades unionists in particular, a general strike will be called.

Whether all of the unions will obey the request of the central bodies and break their contracts with the various companies by which they are employed is a question.

A general strike would likely so paralyze business and cause so much disorder that state and possibly national troops would be required to maintain the peace.

It looks as though serious trouble were to come.

The strikers have issued an appeal to the public asking for sympathy and moral aid in winning their cause.

C. E. SOCIETY WILL MEET AT RACINE

State Convention Has Been Fixed for Oct. 4 to 7—Dr. Clarke May be Present

Racine, Wis., May 18.—A meeting of the state board of Christian Endeavor was held yesterday, with nearly all of the members present. It was for the purpose of deciding dates for the big convention to take place in Racine, next fall, and arranging the program as far as possible.

It was unanimously decided to hold the convention October 4 to 7; also to make an effort to secure Dr. F. N. Clark, president of the international movement to speak during the convention as will other noted men.

It will be made the largest and most successful convention of its kind in the history of Wisconsin. Probably \$1,000 delegates will be here. The members of the board present are as follows:

President—The Rev. A. C. Kempton, Janesville.
Secretary—Miss Fannie R. Jackson, Janesville.
Treasurer—W. A. Holt, Oconto.
Superintendent of Missionary department, Miss Caroline Fairchild of Green Bay; superintendent of Junior department, Miss Ella Brown, La Crosse; superintendent of Correspondence department, Miss Susan M. Drew, Milwaukee; superintendent of Transportation department, H. A. Leffingwell, Fond du Lac.

ADMIRAL DEWEY IS NOT IN THE RACE

Wife of the Admiral Says the Strain of Being President Would Injure His Health

Washington, May 18.—According to gossip now rife among Admiral Dewey's friends, the admiral contemplates an early withdrawal from the presidential race, if he may be regarded as in it. It is also said that Mrs. Dewey has changed her mind about having her husband run for president.

All of Mrs. Dewey's conversation circles around the proposition that domestic life is the happiest lot and that she and the admiral would prefer the quiet of Beauvoir to the plaudits of the multitude. Since her return from the southern and western tour she has said that she hopes her distinguished husband will reconsider his intention to enter public life, since they are so happy in the seclusion of their country home.

"I would not have him president," she said to an intimate friend today, "even if it were in my power. I feel that the strain would prove disastrous to his health and would certainly interfere with the happiness which we are now enjoying."

The admiral, however, has not yet consented to announce his withdrawal.

VAN ETNA CHANGES HANDS

Pat Deacon Becomes Proprietor of Madison Hotel

Madison, Wis., May 18.—"Pat" Deacon, one of the best known hotel men in Southern Wisconsin, will become proprietor of the Hotel Van Etta tomorrow. Jacob Van Etta, the proprietor, who will retire, has been in the hotel business here for the past forty years. Mr. Deacon comes from Shullsburg, Wis.

KENOSHA REGAINS OLD FLAG

Lost Standard of Park City Grays Is Recovered.

Kenosha, Wis., May 18.—One of the features of the dedication of the soldiers' monument in this city will be the unfurling of the old flag which was carried by the Park City Grays, Kenosha's famous company in the civil war. The flag has been missing for the last thirty years and was found a short time ago.

The old emblem was carried by the Kenosha companies during the entire five years of the war and was present in many battles. After the war it was brought to Kenosha in triumph, but later it was turned over to Colonel McVean, who had fought under it. At the death of Colonel McVean he directed that it be sent to Kenosha and his wish has now been carried out.

SORRY HE DID NOT KILL THEM ALL

Murderer Nordlund Says He Is Not Insane But Wished Revenge On Humanity.

Stockholm, May 18.—[Special Cablegram]—John Nordlund charged with committing five murders on the steamer Prince Charles denies he is insane. He wished to be revenged on humanity and is sorry he did not kill everybody on the steamer. He is identified as an incendiary recently released from jail.

WILL AMEND THE EXTRADITION LAW

Attorney General Griggs Prepares a Bill to Meet the Requirements in Neely Case.

Washington, May 18.—[Special Telegram]—Attorney General Griggs has prepared a bill and has forwarded it to the chairman of the house and senate judiciary committees providing that the statutes of the United States which apply to extradition in countries with which the United States has extradition treaties shall apply to Cuba while under the United States authority. The purpose is to avoid delay in the event that Neely's attorneys apply for a writ of habeas corpus.

LA FOLLETTE'S MOVE IS NOT FEARED

Senators "Long" Jones and Stebbins Look After Their Gubernatorial Chances in Milwaukee.

Milwaukee, May 18.—Senator "Long" Jones and Senator Stebbins were in the city today, looking after their interests in the gubernatorial race. Both thought that the candidacy of Mr. La Follette, recently announced, had been discounted in advance.

Senator Jones said that, so far as his district was concerned, there was only one county outside of Milwaukee where Mr. La Follette had delegates two years ago. That one was Waukesha, and that this year would be the senator stated, for him, with the other counties of the district, excluding Milwaukee county, which would be fighting ground for all the candidates.

Senator Stebbins said Mr. La Follette would, he thought, affect him less than any of the other candidates. Door and Outagamie counties, which two years ago were strongly La Follette, have already elected delegates to state convention and they were, the senator said for him, Waukesha county was somewhat in doubt.

Senator Jones was inclined to believe that gubernatorial candidates were getting so thick that some might fall over the tailboard, but Senator Stebbins said the more the merrier; there was room for all.

BODY CUT IN TWO UNDER HIS ARMS

Horrible Accident to a Sawyer at Diamond Match Company Mills at Green Bay.

Green Bay, Wis., May 18.—[Special Telegram]—Thomas P. McCarthy, one of the sawyers at the Diamond Match Co. mill, was killed this morning. His saw was out of order and he left his carriage to fix it, forgetting to lock the steam lever. A timber was in the way and he shoved this over and in doing so one end struck the lever. McCarthy was thrown onto the saw. His body was cut in two just under the arms and his limbs were mashed to a pulp. Death was instantaneous.

CLARK IS CHARGED WITH CONSPIRACY

Governor Smith of Montana Holds That His Appointment is Illegal.

ALLEGES A BIG FRAUD

Resignation Dated in April Was Held Back While Plot Was Completed.

Washington, May 18.—[Special Telegram]—The senate committee of privileges and elections at a meeting today decided to press to a conclusion the original resolutions declaring W. A. Clark not entitled to a seat from Montana.

Helena, Mont., May 18.—[Special Telegram]—When the United States senate committee on privileges and elections met this morning it had to face another complication in the Clark senatorial case. Gov. Smith of Montana has arrived home from California and wired the committee a protest against the acceptance of the credentials of Mr. Clark on the appointment of Lieutenant Governor Spriggs.

Vitiated Because of Fraud

Governor Smith bases his protest on the ground that the appointment is vitiated because of fraud. He alleges that the resignation of Senator Clark was written in April, and that the date that it now bears, May 11, was the result of the erasure of the original date, which can be easily proved by an examination of the document.

He also alleges that the resignation was in the possession of Charles A. Clark, son of the senator, for several weeks, and the resignation of Senator Clark at the time he did resign and his appointment by Lieutenant Governor Spriggs was part of a plot to insure his appointment by the lieutenant governor. In carrying out the plot, he adds, misrepresentation and other devious methods were used to get the governor out of the state.

Will Name Another Man

The Governor holds that owing to the alleged fraudulent practices followed in the appointment of Mr. Clark that appointment is void, and he will himself make an appointment to fill the vacancy from Montana.

While it is not positively known who the governor will appoint, it is believed that Martin Maginnis, who represented Montana in congress in the early days of the territory, will be chosen.

IRON BRIGADE REUNION

Gen. Bragg, Commanding, Gives Notice of the Meeting in Chicago, Aug. 27.

Fond du Lac, Wis., May 18.—Members of the Iron Brigade Association: That there may be no mistake or confusion as to the time and place of the next meeting of the association, you will all understand that the Iron Brigade reunion will be held on Monday, August 27, 1900, at 2 p. m., in Chicago, in the Athletic club, 125 Michigan avenue; the Iron Brigade banquet at 6:30 p. m., in the Athletic club. This is the evening before the ceremonies of the Grand Army commence, and therefore there will be ample opportunity for all members of the old Brigade who are in attendance upon the Grand Army reunion, once more to join hands with their old comrades, many of whom have not met personally since the close of the War of the Rebellion. It will be a glorious occasion, and we cannot fail to have a glorious time. The friendship of the men who for nearly four years tested it in a crucible of fire cannot let such an occasion pass without enjoyment. Don't make any mistake. Be on hand promptly at the Athletic club, at 2 p. m., Aug. 27, 1900.

N. B.—Every man now living who served in any one of the regiments, or Battery B, will confer a great favor by at once sending to the secretary his full name, company, regiment and present address. Also send, so far as known, the addresses of the widows, or children, left by the brigade members who were killed or who died since or during the war.

New Tobacco Trust

New York, May 18.—The formation of the new opposition tobacco company has been practically completed and articles of incorporation will be filed at Trenton within a few days. The new concern will be known as the International Tobacco company. It will be incorporated under the laws of New Jersey with a capital of \$25,000,000. Among the incorporators are some of the best known individual manufacturers in the United States.

Pageant of Unparalleled Splendor.

The electrical pageant of the Milwaukee Carnival of 1900 promises to attract almost universal attention. One reason is that it will be the first practical attempt in this country to use the tracks, cars and power of an electric line. That, coupled with the fame of the Milwaukee Carnival illuminated pageants of other years, has aroused a curiosity to witness the third and greatest effort that indicates a throng of visitors never before known in the Cream City. The parade will be given Thursday evening, June 28, and will pass over the principal routes of the street railway system. A large force of artists is busily engaged in constructing the floats which will compose the parade.

About three months ago he suffered a stroke of paralysis, which left him almost helpless. He leaves one daughter, Mrs. Charles Russell of Chicago, and a son, Horace, of this city.

Expect Long, Philippine War.

Yokohama, May 4, via Victoria, B. C., May 18.—The United States transport Thomas arrived unexpectedly from Manila on Saturday last. Returning officers and men of the army disagree with the optimistic views of the Philippine situation lately held by the press and the public. Everything seems to point to a long and devastating guerilla warfare, and altogether the outlook is not reassuring. Much will depend upon the new commission.

Horsewhipped by a Woman.

Chicago, May 18.—Walter E. Harris, a loan agent, was horsewhipped at Clark and Adams streets by Mrs. Frank Cameron, who claims he was responsible for an insult offered her. Mrs. Cameron had a heavy horsewhip, which she laid on with such force that Harris sought safety in flight, leaving his hat. He went to his room at the Saratoga hotel.

Plague Rumors Not Denied.

San Francisco, Cal., May 18.—President of the Board of Health Williamson was asked concerning a report that there had been five deaths from bubonic plague in this city last week, and that the fact had been suppressed by the city authorities. He said: "I will neither confirm nor deny the report."

Choice of Negroes Denounced.

Augusta, Ga., May 18.—Conservative citizens are fearful that grave disturbances will develop as a consequence of the appointment of eleven negro men and three negro women as census enumerators for this city by Supervisor Smythe.

REV. HALL VISITS
THE CONFERENCE

Impressed With the Things He Saw Among the Methodists at the Chicago Meeting.

Rev. Walter A. Hall, pastor of Court street, who has been spending a few days in Chicago attending the General Conference, returned last evening. He was greatly impressed with the gathering in that city. There are 750 delegates, clerical and lay, besides representatives from all over the world. The speeches made by the fraternal delegates from England representing the Wesleyan body there and from Ireland were, he says especially interesting. One was full of eloquence the other sparkling with wit.

There was a disposition on the part of the General Conference to hold the bishops strictly to their work or rather a strong objection to their receiving pay for the dedication of churches as they are already paid well for their work. There is also a spirit of consolidation. Each of the benevolent societies of the church is to have one secretary instead of three, and he is to be assisted, his first assistant being elected by the General Conference.

Gov. Shaw of Iowa spoke to the effect that this action was needed to give to each society a head. Gov. Shaw is a lay delegate, a clear headed man and an excellent speaker.

Dr. Buckley, Dr. Forbes and Dr. Potts are the best speakers on the floor. J. D. Leonard is much in evidence as are also J. M. King and Dr. Neely of parliamentary fame.

Mr. Hall says he intends speaking on Sunday evening on striking incidents and things connected with the General Conference. He says Presiding Elder W. W. Stevens and Rev. W. W. Woodside are still in Chicago and will remain over Sunday.

MR. ERICKSON REMEMBERED

Chicago & Northwestern Employees Make Janesville Foreman a Present.

The Taraboo Republic says: There was a touching scene at the roundhouse Saturday afternoon shortly after 5 o'clock—after the shops had closed for the week. It will be remembered that Thomas Erickson, who has been general foreman of the roundhouses here for the past three years, went to Janesville to take charge of the shops there about a month ago, the position formerly held by Mr. Whalen. Mr. Erickson while here was successful in winning a lasting friendship with the men in the roundhouse, and desiring to show their appreciation for his consideration while here, the workmen in the roundhouse purchased a set of drafting tools valued at something like \$100. Mr. Erickson was sent for and he arrived Saturday afternoon, and it was arranged that he should be at the meeting at 5 o'clock. When everything was in readiness Master Mechanic Whalen in a few well selected remarks, presented the case of tools. Mr. Erickson's surprise can be better imagined than described. However, he made himself clear in thanking his friends for the remembrance and promised never to forget the token of friendship.

WEALTH.

If they only could, many rich men would erase the W in wealth and write H in its place, and so change wealth into health. It's the oldest thing about riches that in acquiring them men often ruin their health and at their prime are doomed to live "perked up" in a glistering grief and wear a golden sorrow. The trouble is generally with the stomach. In the rush for riches, there's been no time for regularity, no consideration of right food. The stomach and other organs of digestion and nutrition become diseased and then begins the bitter and varied sufferings of the man with "stomach trouble."

Yet this condition can be cured. The stomach and other organs of digestion and nutrition can be restored to a normal condition of sound health. Thousands testify that Dr. Pierce's Golden Medical Discovery, strengthens the stomach, nourishes the nerves and purifies the blood, that it breaks the bonds of the dyspeptic, and makes him a healthy, happy man. No alcohol whisky or other intoxicant is contained in "Golden Medical Discovery."

"I was a sufferer from what the doctors called indigestion, but after trying several eminent physicians failed to get a cure," writes Mr. Frank Mericle, 270 Box 43, Independence, Jackson Co., Mo. "Some of my symptoms were soreness in pit of stomach, fullness, tired feeling, constipation. Some times soreness would extend to bowels. Some one recommended me to take Dr. Pierce's Golden Medical Discovery, which I did, and after taking only a few bottles of 'Discovery' and your 'Pleasant Pellets' can say I derived more benefit from them than from any other medicine I ever tried. I began to gain in flesh from the start. Have recommended it to others and will continue to do so."

Dr. Pierce's Pleasant Pellets do not become a necessity to the system they have relieved of accumulations and obstructions.

Girl Heir to Defy Sultan.
Binghamton, N. Y., May 18.—Miss Helen Deviran, a wealthy Armenian heiress of this city, is to renounce wealth and social position to wed Rev. Dikran H. Rajebyan, a B. A. graduate of the Moody school at Chicago, and to join him in prosecuting his missionary work among the Turks at Heledjin, near Tarsus, in Asia Minor. The sultan has already issued a decree forbidding the return of Armenians abroad, but this the daring young woman disregards and declares she will sacrifice all, even life, if necessary, to aid her husband in planting the banner of Christianity on Ottoman soil.

Smallpox Has Grip on Land.
Chicago, May 18.—Smallpox is prevalent in every state and territory of the United States, according to reports received by the health department. No state is free from the disease, though it is not in a serious form in many. Louisiana leads the list with 2,780 cases. Kansas follows with 828. Tennessee has 605, Minnesota, 550; North Carolina, 510; Texas, 400; Arkansas, 377; Washington, 366; Virginia, 221, and Illinois, 144. The report shows that there were 9,033 cases on May 11 as against 6,333 the same day last year.

Jeweler and Editor Fight.
Guthrie, Ky., May 18.—As the result of an old grudge, H. S. Devold, a Guthrie jeweler of prominence, and J. Frank Hutchinson, editor of the Guthrie Graphic, had a shooting affray, during which Devold shot Hutchinson twice through the lungs and once in the arm. Virgil Marshall, the Louisville & Nashville agent at Guthrie, who was a witness to the fight, was accidentally shot and fatally wounded. Both Hutchinson and Marshall will die.

Blazing Oil Burns Three.
Chicago, May 18.—Mrs. Anna Smith, with her clothing ablaze from head to foot, ran wildly through her boarding house at 2554 Wabash avenue screaming in agony and terrifying her boarders until she fell unconscious on the kitchen floor. She is now at Mercy hospital, where the physicians say she cannot live. With her are Leo Leahy, one of her boarders, and Edward Leahy. Both are severely burned about the head and arms.

Town Damaged by Incendiary.
Wellston, O., May 18.—One of the most disastrous fires for years occurred on Broadway. The original opera house and city hall building, Schuff's large grocery, Bingham's saddlery and Dr. Darling's office were burned down. The fire was of incendiary nature and makes the seventh within a week. The loss, which was \$50,000, is covered by insurance.

Sweet Sleep

that comes to a healthy brain is a jewel of great price. Who has not witnessed the suffering and torture endured by the person who cannot sleep? To toss and roll for hours on the pillow that brings no rest. To review in endless variety, events spread out on the panorama of the past. To pace the chamber floor with unsteady tread and count the ticking of the mantle clock till the minutes slip away into hours and the hours into early dawn of another day with its burden of work and worry and pain. Whoever seeks rest and sweet, refreshing sleep can surely find it through the aid of

Dr. Miles' Nervine.

"For months I was unable to get a good night's rest. I was nervous, uneasy and shy all the time; had no appetite for food and no ambition for anything. I felt so miserable that I had to abandon my business, but above all my greatest trouble was sleeplessness, and I would toss and roll for hours at a time before getting to sleep. I was treated constantly by our local physicians but grew steadily worse under their care. At last I commenced taking Dr. Miles' Nervine, and after the first few doses I was greatly relieved. I continued its use for some weeks and soon felt like my old self again." SIMON A. GIBSON, Georgetown, Ill.

Dr. Miles' Nervine is sold at all druggists on a positive guarantee. Write for free advice and booklet to the Dr. Miles Medical Co., Elkhart, Ind.

MORE ARRESTS IN CUBAN CASE

Imprisoned on Charges of Complicity with Neeley.

Havana, May 18.—Warrants were issued last evening for the arrest of E. P. Thompson, postmaster of Havana; W. H. Reeves, deputy auditor of the island, and Edward Moya, and Judge Mascaro, Cuban clerks in the stamp department, and by 7 o'clock all were lodged in the Vivac, the Tombs of Havana. The arrests were under the advice of the postal inspectors. It is considered now that Reeves is equally guilty with Neeley. The arrest of Thompson caused great surprise in the city, although he confessed to certain irregularities. It is looked upon as the precursor of many other arrests.

Investigation as to the record of the clerk in the military department, who handled several hundred dollars worth of stamps, proves that the transaction, so far as he is concerned, was legitimate. The stamps were purchased at the request of his brother, who is a stamp collector in the United States, for \$800. They were of the old issue and were obtained from Neeley. The confession of Postmaster Thompson says that on September 16 last, being in need of money, he took from the money order funds \$435, giving his memorandum as a receipt for the same. When the inspections were held Mr. Thompson ordered a clerk in charge of the money order department to place remittances received that day, which would not have to be accounted for until the following day, sufficient to cover the amount of the receipt, which was therewith withdrawn until after the inspection. This was kept up until April 7, when the special agents unexpectedly discovered the receipt, which Mr. Thompson then paid.

TANNER MEN HOLD SWAY.

Show Full Control of Illinois Republican Committee.

Chicago, May 18.—John R. Tanner's friends proved themselves to constitute a majority of the Illinois state republican committee at the session of that body. They were in such a complete majority that they not only put the Yates programme of naming a chairman through without friction, but they named an executive committee upon which Senator Cullom secured a representation of only three out of eleven members. Charles P. Hitch of Paris, head of the Cullom forces within the committee, acknowledged the defeat of his faction by seconding all the motions made by Dr. T. N. Jamieson for the Tanner following. Officers elected by the convention were as follows: Fred H. Rowe, Jacksonville, chairman; Walter Fieldhouse, Chicago, secretary; Elbridge G. Keith, Chicago, treasurer; James McKinney, Alton, chairman executive committee. Members of executive committee: T. N. Jamieson, Charles S. Deneen, Fred A. Busse, Luman T. Hoy, Len Small, John S. Stephens, H. D. L. Grigsby, Charles P. Hitch, Daniel Hogan and John W. Bunn.

General Assembly at Work.
St. Louis, Mo., May 18.—The Presbyterian general assembly, the lawmaking body of that church, began its 112th annual meeting today at the Washington and Compton Avenue Presbyterian church. Nearly 1,000 commissioners and delegates, representing all the northern and western states and territories, and many of those in the south, with the synods of Catawba, central and south China, north China and India, are in attendance. Among them are many eminent divines and prominent laymen.

The Rev. William A. Echols of Middleport, O., a commissioner to the assembly, representing the Athens (O.) presbytery, dropped dead at 10:30 a. m. in the auditorium. He was seated in a pew in the rear of the church when attacked with heart disease. Three physicians, who were hastily summoned, did all in their power to resuscitate the minister, but without avail, for he died in ten minutes. The remains were taken in charge by an undertaker.

Has No Design on Brazil.
Berlin, May 18.—Eugene Wolf, the famous colonial traveler, talked in a very interesting manner today regarding Germany's colonial policy and other important questions of the day. When asked his opinion of the statements made in the United States, charging Germany with having designs on Brazil, Herr Wolf said: "No German minister will ever interfere with Brazil or any such part of the world. The German colonists of Brazil have never taken any part in the politics of that country. They are simply people who make their living there."

Say Yankees Underbid Them.
London, May 18.—English manufacturers are chaffing at the imports of American cheap goods and protesting against what they call the "smart practices" of Yankee tradesmen.

Among those who complain most bitterly is the Easternbrook Allard Company (limited), Sheffield, who charge a prominent American chamber of commerce with the habit of sending for private information with regard to British prices, apparently with a view to business, but in reality to ascertain the figures of British firms in order to underbid them.

Boer Envoys Welcomed.
New York, May 17.—The official welcoming of the Boer envoys by Mayor Van Wyck took place this afternoon at 3 o'clock in the mayor's office at the city hall.

The mayor gave the envoys the freedom of the city, and presented to them copies of a resolution passed by the municipal assembly. The party will go to Washington tomorrow. The members refuse to talk about what they will do in Washington or what they hope to accomplish.

Sues for Breach of Promise.

Decatur, Ill., May 18.—Suit for \$20,000 damages for breach of promise has been brought by Lucy V. Sterrett against Jacob Hanes, a wealthy retired farmer, prominent in social and political circles. Attorneys for the plaintiff say she will claim that they had been engaged six months, when he surprised her by marrying another.

Kentucky Republicans.

Louisville, Ky., May 18.—The Republican state convention met here and elected: Delegates to the national convention at Philadelphia—W. S. Taylor, W. O. Bradley, George Denny, W. A. Gaines (colored). Presidential Electors—Ed Parker, Marmaduke Borden.

Murderer Kills Seven.

Stockholm, May 18.—The steamer Prins Carl arrived here with seven dead and five wounded persons, all of whom were shot or stabbed by a man who afterwards effected his escape in a lifeboat. A man believed to be the murderer is now under arrest.

Dr. C. A. Dickey Chosen.

St. Louis, Mo., May 18.—The Rev. Dr. Charles A. Dickey, of Philadelphia, was elected moderator of the Presbyterian assembly after two hours of speech-making and after two ballots had been taken.

See and \$1.00, all druggists. SCOTT & BOWNE, Chemists, New York.

Nasal Catarrh quickly yields to treatment by Ely's Cream Balm, which is agreeably aromatic. It is received through the nostrils, cleanses and heals the whole surface over which it diffuses itself. Druggists sell the 50c. size; Trial size by mail, 10 cents. Test it and you are sure to continue the treatment.

Announcement.

To accommodate those who are partial to the use of atomizers in applying liquids into the nasal passages for catarrhal troubles, the proprietors prepare Cream Balm in liquid form, which will be known as Ely's Liquid Cream Balm. Price including the spraying tube is 75 cents. Druggists or by mail. The liquid form embodies the medicinal properties of the solid preparation.

Skin Diseases

When the excretory organs fail to carry off the waste material from the system, there is an abnormal accumulation of effete matter which poisons and clogs the blood, and it becomes sour and acid. This poison is carried through the general circulation to all parts of the body, and upon reaching the skin surface there is a redness and eruption, and by certain peculiarities we recognize Eczema, Tetter, Acne, Salt Rheum, Psoriasis, Erysipelas and many other skin troubles, more or less severe. While the skin is the seat of irritation, the real disease is in the blood. Medicated lotions and powders may allay the itching and burning, but never cure, no matter how long and faithfully continued, and the condition is often aggravated and skin permanently injured by their use.

The disease is more than skin deep; the entire circulation is poisoned.

The many preparations of arsenic, mercury, potash, etc., not only do not cure skin diseases, but soon ruin the digestion and break down the constitution.

S. S. S., nature's own remedy, made of roots, herbs and barks, of great purifying and tonical properties, quickly and effectually cures blood and skin troubles, because it goes direct to the root of the disease and stimulates and restores normal, healthy action to the different organs, cleanses and enriches the blood, and thus relieves the system of all poisonous secretions. S. S. S. cures permanently because it leaves none of the original poison to re-form in the blood and cause a fresh attack.

Healthy blood is necessary to preserve that clear, smooth skin and beautiful complexion so much desired by all. S. S. S. can be relied upon with certainty to keep the blood in perfect order. It has been curing blood and skin diseases for half a century; no other medicine can show such a record.

S. S. S. contains no poisonous minerals—it is purely vegetable and harmless.

Our medical department is in charge of physicians of large experience in treating blood and skin diseases, who will take pleasure in aiding by their advice and direction all who desire it. Write fully and freely about your case; your letters are held in strictest confidence. We make no charge whatever for this service. Our book on Blood and Skin Diseases will be sent free upon application.

HARRY COPPALEN SENT TO WAUKESHA

JUDGE DUNWIDDIE SENTENCES
KENOSHA BOY.

Although Eighteen Years of Age Cop-palen Held Up a Man at the Point of a Knife—Crime Took Place on Passenger Train—Other Matter Before Rock County Circuit Court.

In the Rock county circuit court this morning the case of the State of Wisconsin vs. Harry Coppalen was called. The defendant is a bad boy from Kenosha. On his entry of a plea of guilty the court sentenced the defendant to the state industrial school for boys at Waukesha for a term of two years and nine months. Coppalen is but eighteen years of age and resides at Kenosha. At Jefferson Junction he boarded a passenger train and held a man up in true highway robbery style, relieving his victim of much cash.

In the case of the matter of the estate of Elizabeth Morgan deceased the court ordered that the time for settling the bill of exceptions herein be extended thirty days from May 19.

In the case of Cornelia M. R. Penne vs. Mary Wilcox, administratrix, the court ordered that the plaintiff have judgment on the several causes of action.

Pending the swearing of the jury it was stipulated in open court by the attorneys that the action of David K. Jeffris vs. Consumers Box Manufacturing Company be dismissed.

Mrs. Sophia Block testified this afternoon in the case of John Block vs. G. A. Lathpiper.

NOVEL SALE OF PROPERTY

First Auction Sale of Residence Lots in the City of Janesville.

What promises to be a novel sale of real estate will take place in the city tomorrow afternoon at 1 o'clock in the addition to the city known as Forest Park. A total of fifty-three lots will be sold at auction by the Forest Park Improvement company. W. T. Dooley of this city will act as auctioneer. The crowd will walk from one piece of property to the other each lot to be sold to the highest bidder. This property is located within one and two blocks of lots that in the past year have sold for as high as \$12,000.

WAS A FALSE FIRE ALARM

Turned in Last Evening From Box at the Five Points.

Some unknown person turned in a false fire alarm last evening calling the fire department to the corner of Milwaukee and Pleasant streets. No one was at the box when the department arrived. It is said that a small boy turned in the alarm stating that the fire was at the Welch residence located near the box. Investigation proved that there was no fire and the firemen were ordered back to their respective houses. Chief Spencer is investigating the matter.

WEARS BRACELET ON ANKLE

Miss Archer, the Actress, Surprised Many Janesville People.

Belle Archer, the actress who appeared at the Myers Grand last evening, is the possessor of a tad that appears to be all her own. Miss Archer wears a metal bracelet on one of her ankles. Yesterday when she arrived in Janesville and alighted from her carriage in front of Hotel Myers she was not in the least backward in making known this fact of hers. A member of the company said that Miss Archer wears the bracelet just for advertising purposes.

CYCLERS EVADE THE LAW

Present Indications Are That No Fine Will Be Imposed.

Present indications are that the dozen bicycle riders in this city whose names are now in the hands of the police for violating the city ordinance requiring lamps on their wheels at night, will not be brought into court and fined. Chief Hogan states that many of those detained are poor boys unable to pay the fine. Many were also not aware that they were violating a city ordinance. Mayor Richardson is in favor of all riders first being given fair warning.

CALL REV. J. T. HENDERSON

Missouri Preacher May Take the Place of Rev. Pence Here.

Members of the Presbyterian church of this city have extended a call to the Rev. J. T. Henderson, chaplain of Park college at Parkville, Missouri. Whether he accepts or not remains to be seen. Rev. Henderson preached here Easter. He gave good satisfaction. He is a young man and is a graduate of McCormick Seminary.

Alliterative Military Titles

A writer in the London Sketch says that apt and artful alliteration appears a sine qua non of the modern military work. "With Kitchener to Khartoum" and "With Methuen to the Modder" suggest "With Plumer to Wadai" and "With Buller to the Border Police" and "Kitchener and Krugersdorp." "Roberts' Ride to Rhodesia" could be quoted in a pill advertisement, and why not add to the already long list "With 'Boys' to Bloemfontein?" queries this enthusiastic Briton.

ILLEGAL FISHERMEN MAY BE ARRESTED

FOR USE OF SEINS AND DYNAMITE IN THE ROCK RIVER.

Complaint Has Been Made to Local Officials—At Afton it is Claimed That Several Hundred Fish Were Killed by Use of an Explosive—Matter Will be Investigated.

During the last few days it is alleged that much illegal fishing has been carried on in Rock river by means of large seines. It is also claimed that this violation of the state law has been carried on not far from Monterey. Reports have also reached local officials that fishermen near Afton have been killing hundreds of fish by using dynamite. This spring the river seems to be well supplied with fish, and many of the local anglers have enjoyed some excellent catches.

Afton people want to give notice that a repetition of the offense will result in a prosecution. The penalty for killing fish with dynamite is a fine of from \$25 to \$250, or from two to six months' imprisonment in jail.

WORKS A HARSHIP UPON THE FARMER

MUST HEREAFTER STAND ALL
THE LOSS IN EGGS.

Commission Men to Hold the Granger Responsible for Those That Do Not Stand the Candle Light—They Will Not Receive a Cent for Rejected Eggs.

It is up to the farmers of Wisconsin, Illinois, Minnesota and the Dakotas whether they are to make a proper profit on their egg crop this season. Beginning May 28 the dealers of the states mentioned, particularly those of Milwaukee and Chicago, will purchase eggs "less off."

This will mean hundreds of dollars one way and another to either the farmer or the buyer, as fortunes change hands annually in the egg business and at least 10 per cent. of Biddy's humble effort which reaches the cold storage warehouse is a loss. Hitherto the farmer has been paid for those lost eggs, but such will not be the case this year.

The X-ray in a modified form has penetrated the egg business, for every fruit of that kind which reaches the dealer is "candled" and its integrity settled beyond a doubt. This is the season in which the eggs are placed in cold storage for the fall, and every egg so preserved has to pass a qualifying examination, as only the freshest are retained.

The farmer will not receive a cent for the proportion which is rejected. This condition of affairs arises, say the commission men, from the attitude of the farmers themselves. Last year eggs went away up in price, and considerable money was made in them.

This year the farmer has begun to speculate a little himself and one of the plans followed is to hold the eggs for a week or more in expectation of a rise in price. When they finally reach the dealers they are a little venerable in a number of instances, and even cold storage cannot stop the ravages of time with them.

The dealers must protect themselves and they are forcing the farmer to protect himself. The law of supply and demand is a mighty hard one to apply to the egg business; therefore the stricter regulations.

VIOLA ALLEN'S "GLORY QUAYLE"

A Few Special Performances at Powers' Theatre Chicago of "The Christian."

Not in years was there such a great success scored at Powers' Theatre, Chicago, as was made by Viola Allen at the commencement of this season as Glory Quayle in "The Christian." For five weeks Miss Allen played to such enormous houses that efforts were made to continue her engagement, but previous bookings prevented.

It has now been arranged that Miss Allen plays a limited number of performances in this play and theatregoers are again given the opportunity to see her in her remarkable dramatic creation. Her engagement commenced Monday, May 14th, and will be continued for a very brief engagement. Those who are desirous of seeing Miss Allen as Glory Quayle are advised not to miss these last opportunities, as next season she will appear in a new play.

All theatre goers have heard of the "The Christian," and these opportunities to see the original company will be welcome event to those residing outside of Chicago. Special rates have been made by the railroads with adjoining towns within theatre going distance to give an opportunity to see Miss Allen during these farewell performances.

A feature of unique interest will take place Monday night, May 21. It will be called a "poster performance." Every lady attending will receive a magnificent poster of Miss Allen of unusual artistic beauty and value. These posters of Miss Allen have created great admiration and have been greatly sought after.

Miss Allen is supported by a strong dramatic organization and the entire production is the same as that seen during the long run of the play for six months last year in New York and five months in Boston. An evidence of the fact of Miss Allen's great success as a star and the enormous desire to see her in "The Christian" has been shown in the enormous receipts she has played to.

TOBACCO MARKET REMAINS QUIET

ARE BUT FEW TRANSACTIONS
THESE SPRING DAYS.

George Rumrill Buys and Sells a Fair Sized Consignment—Plant Beds are Making Good Progress—Large Acreage Will be the Rule This Year in Rock County.

A little trading is still being carried on in the '99 crop though but few dealers are interested in the movement. Goods remaining in the bundle are being lifted at moderate prices as growers generally do not have the time to handle it, says The Wisconsin Tobacco Reporter.

Business in old leaf is only moderate. George Rumrill purchased 33c of '97 of Martin Keegan and sold 150c of old leaf during the week. Dwight Loomis has purchased something over 100 cases of '98 from growers in this vicinity.

A few warehouses are yet handling bundle leaf and several others are transferring their work to tips and shorts.

The plant beds are making good progress and everywhere comes the assurance of abundance of plants for early transplanting. The indications are that June 1 will see the planting well under way.

The shipments out of storage reach 15 car loads, 775c, for the week to all points from this station. Since last report 2,020c of cigar leaf were exported from New York.

THE NEWEST JEWELRY.

TRINKETS OF GOLD AND SILVER
WHICH HAVE THE APPROVAL OF
THE SMART SET AMERICAN
PEARLS NOW IN FAVOR.

BY GLADYS LA TOUR.

Jewelry fashions as well as costume modes have their changes. It is equally important to the devotee of fashion to know what are the latest belt buckles as to be informed concerning the diminished size of sleeves. This season's jewelry is as much different from that of last year as is the up to date spring costume from that of three years ago. The most marked difference lies in the use of nickel finished silver and the wearing of real gems. Formerly imitation stones were used, and it was generally supposed that no secret need be made of the use of such, but to be within the charmed circle today one's gems must be genuine, however poor of their kind.

The dealers foreseeing this state of affairs have introduced the fresh water pearl as one of the inexpensive novelties, also the rock turquoise and the jade. Dame Fashion has fixed the

THE NEWEST BELT BUCKLES.

seal of approval on this transgression from the old path by declaring that really proper jewelry, like truly proper people, must adhere more closely to the narrow path of genuineness.

After a few hours passed in the jewelry departments of representative houses in a great city it is very hard to curb one's enthusiasm and return to the everyday requirements of the average woman. But, withal, let us admire the wonderful beauty of the jeweler's art and the productions of nature.

There are rich antique Louis XIV, XV and XVI watches, richly enameled, jeweled and carved; bangles and bracelets in gold and silver, plain or ornamented with precious or semiprecious stones; silver and gold belt pins, with or without jewels; belts of leather and silk, with buckles and clasps of marvelous beauty; brooches in plain gold and French gilt, twisted into every imaginable shape and design; others in flowers, enamel and precious stones, large, round and oval, set in small pearls; necklaces and watch guards, charms and trinkets suitable for bangles and bracelets, cloak clasps, earrings and collar buttons, garter clasps, girdles and hatpins, brooches and rings, sleeve buttons, links and umbrella handles—the grandest array of jewel art that man ever gathered together.

Watches are in plain and wrought gold cases, with circles and jets of jewels. One having a closed case is severely plain on the one side, while the other is richly carved in Burmese and Indian style. Another is medallion work, with two little rings fastened to either side of the stem, by means of which the timepiece is suspended from my lady's belt. Special artists have worked at these and produced exquisite results that are very valuable.

Another is a miniature case, painted on ivory and surrounded with precious stones. A huge amethyst has been cut away and hollowed out until it fits exactly over a small open faced watch. Where the edges come together a band of pearls makes the joining attractive.

There was a time, not so very long ago, when only the most perfect oriental pearls were considered beautiful, but now gems that come from every part of the world are found to possess certain qualities peculiarly their own, and many are held to be wondrously beautiful. Some of the daintiest necklaces and armlets consist in slender chains with pendants of fresh water pearls combined with diamonds and other precious stones.

One of these has an ornament of four long pendants, each pendant consisting of three large fresh water pearls and two turquoises and tiny diamonds. The combination of the dilated azure and creamy whiteness is entrancing.

Though the "dog collar" and the band necklaces are "in" again with fashion's call, nevertheless the slender, glittering gold and jeweled thread chains are the preferred creation of the spring season. With them pendants are essential, single jewels pulsating with brilliancy and medallions of burnished gold.

The armlets and bracelets vary greatly in design. The newest ones, like the necklaces, are designed from slender chains, with small, movable clasps, which can be drawn in or out to fit the arm of the wearer. These have heart pendants and unique coins. The old fashioned clasp bracelets are

in favor again. One pair is set with garnets and looks as though it had been excavated from some buried city. But they say they are the fashion. A unique band which is intended to take the place of an engagement ring is so constructed that once it is fastened upon the arm it cannot be removed unless it is sawed off. The joints are so neatly contrived that they are not noticeable. Though such a gift might be acceptable from an admirer, it is hardly convenient for the summer man's needs nor for that matter the summer girl's either. The engraved and burnished gold hoops slip over the hand and dangle loosely. For the upper arm the Cleopatra spiral set with rubies is shown.

The new belt pins are very graceful. One in serpentine design is ornamented with floral scrolls in deep cobalt blue. Another is of white enamel set with jades that blink in the sunlight. There are also bar pins with single jewels and fancy designs emblematic of sports.

Among the brooches are exquisite examples of originality. Turquoises in the colors that the Spanish lovers of the eighteenth century called "celestial blue" are cut oval and encircled with burnished gold serpents whose alert heads are brilliant with ruby eyes and diamond nostrils.

Some of these newest stones are not perfectly pure, nevertheless. The oxide of copper quartz runs through and mottles the tender blue, sonorous in plaintive poetic tones. An enameled four leaf clover in nature's own coloring has tiny pearls about the edges and a translucent jade resting in its heart.

A large hyacinth is gallooned with tiny pearls strung on a gold thread that reflects the tints of their native waters. A delicate little "chick" on tottering legs with outspread, fluttering wings is perfectly enchanting. A double violet with twinkling diamonds, a large grasshopper with emerald eyes and jade wings, a pansy in deep rich coloring, a spring of hawthorn with clusters of blossoms, another with sprays of lilies of the valley in enamel, a horn of plenty with tiger lilies and grasses, are brilliant among the admirable collection from which to choose.

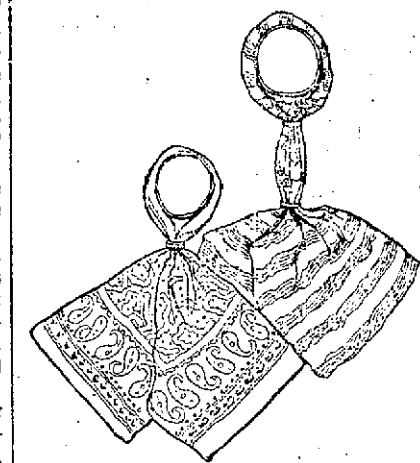

Single stones surrounded by smaller jewels are used for ties and lace pins. Small stones are set in designs also, but they do not stand high in favor at the present time.

Hatpins come in large stones whose beauty is enhanced by the addition of smaller jewels.

Rings are shown for scarfs and seem to be quite the thing. Some of the prettiest consist of a single row of jewels with small precious stones between. They are very "smart" and lend a distinctive touch to the tailor made costume.

Buckles intended for belts and neckcloths are faultless from the point of design and workmanship. Wild ducks in enamel, frogs, beetles, turtles, crabs, lizards, alligators, fish and wrought Russian silver command one's attention.

One extremely beautiful piece is of burnished dull gold in a dragon pattern with a huge oblong sapphire in the center. Another that is intended for the neck has flowers-de-luce in emeralds and is encircled with diamonds.

HOW THE NEW TIE RINGS ARE USED.

monds. Others are of hammered gold, in medallion designs, without other ornament than the natural shades of the metal itself.

The sash belt rings are mostly of gold or silver, without jewels. They are very attractive, though inexpensive, and are having a great sale.

A large variety of cuff links and buttons is exhibited. There are cameos set in chased gold and surrounded with precious and semiprecious stones and intaglios, sets of links and studs in plain gold and enamel, mourning buttons with single pearls in the center or set with diamonds, gold combined with platinum and jewels, fancy enamel, plain onyx and onyx with pearls.

Bearings and screws in Roman designs, reproductions of the Cosmola collection; clusters of diamonds with sapphires, opals, rubies and other precious stones; plain or faceted onyx balls, hoop rings, solitaires and ear visors for wearing earrings without having the ears pierced, fancy knots and banded gold enough to satisfy the barbaric desire for splendor of the most exacting connoisseur are among the new designs.

The armlets and bracelets vary greatly in design. The newest ones, like the necklaces, are designed from slender chains, with small, movable clasps, which can be drawn in or out to fit the arm of the wearer. These have heart pendants and unique coins. The old fashioned clasp bracelets are

the military last ::

Is all that its designers, Hanan & Sons, claim for it. Very much like the McKinley last—it is straight, with a nice full tread at the ball, broadening to a nicely rounded toe. It is "just swell". We have it made up in Hanan's special brand of Russia Calf Skin—a soft, pliable leather full of wear and foot comfort. No burning sensation, no breaking in—it is the "ideal" for summer wear. At the price we sell this Shoe we say it contains more value than anything to be had anywhere in points of style, wear and comfort. The price is

\$5.00 for this style.

The Hanan Foot Form styles are leading everywhere. We keep in touch with the factory and are always supplied with their Newest and best city sellers.

We take special interest in using only the best dressings on our free shine stand. **SPENCER,** ON THE B RIDGE

There are Lots of Men In This City

Who, through habit, have come to the conclusion that if they want anything nice in the way of clothes, haberdashery or hats, they must go to Chicago for it. Now, for years we have worked hard to establish in this town a shop that would supply these wants of the most critical and difficult-to-please men.

In the Clothing Department

We have succeeded beyond measure, with the celebrated makes of ready-to-wear Clothes which the majority of good dressers in this city are wearing. Just now, particularly popular are our Flannel Striped Suits, \$10.00 and upwards.

Our Haberdashery Department

Is replete with the most fashionable Neckwear, Shirts and Gloves. Especially complete is our Custom Shirt Department. We make Shirts to order, \$1.50 and upwards.

Our Hat Department

Offers all the swell shapes produced by the Jno. B. Stetson Co., in Derbies and Soft Hats and Fedoras. We have just received a very complete line of the new Crushers and Pearl Fedoras which are now all the go. Also the new things in Straws.

All we ask is the opportunity to serve you. Come here and find a hundred and one things which are not usually kept outside of the large city establishments.
